SKI- JUMPING AT EDGERTON

On February 25th a Ski-jump was held on the banks of the Battle River near "Empire" school at which the local boys gave a good exhibition of their skill.

During the afternoon Mr. O. Aasen the well known local champion arrived and made a few exhibition jumps for the encouragement of the younger sports.

Under his advice a new and really first class hill was discovered and will be developed during the coming summer in preparation for real work next winter. It is intended to hold a championship contest in February 1924 with good cash prizes.

The big hill will be at the disposal of all within reach and it is hoped that surrounding districts will produce a few men and boys for the competitions. The sport of ski-jumping is perfectly suited to our winter conditions, and all who take a serious interest in the welfare of our young people will do well to consider the benefit which would result from encouraging this really manly sport. It allows of infinite skill and calls for some nerve, but every authority proclaims that it is not dangerous. The only fine of life during which it can be learned is between the ages of ten and twenty years.

It develops every muscle and organ necessary for the hard work and the boy whose ambition is to become a fine jumper will not wish to lessen his efficiency by smoking before manhood.

The sense of balance is so highly developed that the art of dancing may be safely relegated to the age of maturity and will be found quite as easy to learn as smoking.

The cost of a good outfit is only a few dollars and the present hard time is a good opportunity to encourage something manly and useful for the winter months.

Surely it is not wisdom to allow life to become dull and empty for the young men and (as it seems) await for prosperity to flood the pool rooms and dance halls.

Be it understood that we have nothing against dancing or pool and speak only in the interest of those under twenty years of age.

"Mens sana in corpore sano."

G. D. M. Edgerton.

THE PASSING OF

KENNETH GUNN

A sense of great personal loss came to the residents of Prospect Valley when the news of the death of Kenneth Gunn came over the wire. While his death was not unexpected, as we knew he was dangerously ill, still it came to us as a great shock, and every home in the district will feel the loss of a friend.

Kenneth Gunn was not a young man when he came to this district in the spring of 1906. He was one of the pioneer settlers, one of a band who came from Pictou Co. Nova Scotia, which formed the first settlement in this district. With a quiet courage and steadfast faith, he bore the buffettings of the early years. Fire, frosts and a whole host of difficulties which beset the early settlers, these he overcame, and finally reaped a measure of success which firmly established him on his feet.

A greater and more lasting success,

(continued on page eight)

COURT OF REVISION CHAUVIN SCHOOL DISTRICT

COURT OF REVISION.

Court of Revision. Chauvin School District, held at the school house at 8 o'clock p.m. March 5th 1923. There were four appeals:-

1. O. Hawthorne, car and garage reduced from \$1500.00 to \$1200.00
2. McElman & Thompson reduced to \$2500.00
3. Massey-Harris, disallowed.
4. Parcels & Foxwell, reduced to 2000.00.

DELEGATE REPORTS AT CHAUVIN SCHOOL MEETING

Regular meeting of the School Board was then held.

Present. Dr. Folkins (presiding) Mrs. Saul and Mr. Foxwell.

Minutes of last proceedings regular and special meetings were read, Mr. Foxwell moved, Mrs. Saul seconded that same be adopted as read. Crd. Telephone: Mrs. Saul moved, Mr. Foxwell seconded that Secretary be requested to have the telephone company install a telephone in the school house. Crd.

The following accounts were presented and ordered paid:-

Western Lumber Co. \$12.25; G. W. Allan 85c.; convention expenses \$40; Moved Mr. Foxwell seconded Mrs. Saul.

Rate of Taxation. Assessor then presented the assessment roll as completed, together with the estimates for current year. After a full discussion, Mrs. Saul moved, Mr. Foxwell seconded that the rate of taxation be fixed at 9 mills on the \$1.00, the same rate as last year. Crd.

Trustees Convention Report.

Dr. Folkins reported in brief as follows:-

The address of Mayor Webster impressed upon the delegates that one object of Education was to prepare for work people must not only be prepared for a position but for work, children educated in Canada should give their lives and labor to this country' He thought there was too much overlapping in Education

The speech of "Welcome" dealt with the matter of economy. The Chairman of the Separate School Board of Calgary spoke on the duties and responsibilities of Trustees, and what they knew about their Teachers. A contented Teacher means a successful school.

President Rea spoke to the financial and economic conditions of the Province generally. He stated that the Districts were not in favor of Municipal School Boards at present. He advocated better physical training for children, especially in Rural Districts. Deputy Minister of Agriculture dealt with the subject of school fairs and mentioned that an effort was being made to extend the old system, whereby the boy or girl of each school making the highest marks at the Fair be entitled to a weeks course in any of the agricultural Schools. The Hon. R. B. Bennett took for his subject "optimism" and shewed how much better off we were than our forefathers were. Your delegate was under the impression that this was done for the purpose of counteracting a feeling of depression looked for at the convention.

The Hon. P. Baker was in favor of less holidays between terms and more

Letters To The Editor

AN APOLOGY

Last week, during the absence of the editor from duty, on account of sickness, a letter from Mr. E. B. Lang was received for publication in the correspondence columns. This was accepted by the staff on hand, who not recognizing that the sentence "the fact of them taking \$30,000 of seed grain money that rightfully belonged in a trust account" was of libellous nature, published the same.

Whilst it is the policy of the Chauvin Chronicle to admit letters of constructive criticism at all times, it is contrary to our policy to admit accusations of this nature, and the Chauvin Chronicle wishes hereby to voluntarily tender this apology to the members and officials of the Ribstone Municipal Council for the admission of this sentence into its columns.

LETTERS TO THE EDITOR

Chauvin, Alta, March 5th 1923
Editor.

Chauvin Chronicle.

Dear Sir:-

With regard to my letter in connection with Municipal affairs in your issue of the 28th ultimo I wish to say that, in making the mistake that the Council took \$30,000 of seed grain money which rightfully belonged in a trust account, that I was only stating my opinion. From reliable information since supplied me at my request, I have had good reason to change my opinion; and believe they were not trust funds. I had no intention of accusing the council of illegally misappropriating trust funds, I merely wanted to emphasize the fact that in my opinion, at any rate, it would have been better business to set this money apart to meet our seed grain liabilities.

Yours truly,

E. B. LANG

IN MEMORIAM

In loving memory of our dear son Frank Simpson who died February 26th 1920.

Some day we hope to meet him,
Some day, we know not when
We shall clasp his hand in a better land,
Never to part again.
Inserted by his Father and Mother.

By mistake this memoriam notice did not appear in last week's issue.

ENTERTAINMENT AT BRADY SCHOOL

There is movement on foot to place a piano in Brady School, and the first effort was made last Friday evening when a Box Social and Dance was held. The chief movers in this worthy object. Mrs. John Paterson and Mr. Jas W. Coe, allowed nothing to interfere with the success of the evening. The crowd was good, the music all that could be desired, the dancing enjoyable, in fact everything went off with such a vim that success was most fully attained. It is understood that a sum of \$54 will form a nucleus for the Piano fund. It is our hope that ere long complete success will attend these worthy efforts.

Four out of five hallstoms take quality.

NOTES FROM THE NORTH EAST

We wonder who is the successful candidate to secure the honor of driving the Sherlock children to school?

"Never count your chickens before they are hatched."

The Basket Social held in Fram School Friday evening suffered in lack of numbers through sickness which in this district is prevalent, however we are pleased to report that the proceeds cleared expenses and left a balance on the right side of the ledger. Great credit is due to those who in any way helped to make the evening a pleasant one.

The directors of the Manitou Lake Telephone Co. are to be congratulated on bringing the assessment down by \$1 this coming quarter, making a levy of \$5 instead of as formerly \$6. This should help a little.

It is the hope of the Gram Grain Growers Association to be able to hold a joint meeting of all the locals in the district in the near future. The Secretary (Mr. K. W. Coe) will be pleased to hear from any other Secretary in the district regarding this and to explain the details of a scheme that will be of great interest to their members.

The soft weather of late has made some people think of spring. But!!!

A few more pen sketches of local conditions by G. D. M. (of Edgerton) would be acceptable in your columns. Come again G. D. M.

The reeve (P. M. Chapman), and the Secretary (J. Bradley) are in Regina attending the Municipal Convention, at present being held in that city

Mr. Joe McTavish has been chosen to fill the place in the Learig School Board rendered vacant by the death of Mr. James W. Gordon.

ARTLAND SEWING CLUB

At the meeting of the above club held at the residence of Mrs. T. S. Smith on Wednesday evening last it was decided to hold a home cooking sale, Saturday March 10 in Mr. O. R. Meritt's store. The sale to commence at 12 noon sharp, and continue until all the eats are sold. Now boys come and bring yourselves, there will be pies cookies and other dainties.

The next meeting of the Artland Sewing Club will be held at the home of Mrs. Harry Scott on Wednesday evening, March 14th at 8 p.m. prompt and it is hoped for a full attendance of members.

MORTGAGE AUCTION, SALE

A mortgage Auction sale will be held on March 15th on the N.E. 4-43-2 w 4th. 3 miles west and 2 miles south of Chauvin. The sale will consist of horses, cows implements, tools, chickens etc. The sale commences at 1 o'clock sharp. Mr Omer StPierre, iwner. Mr. G. Reynolds, Auctioneer.

Frankness was invented to conceal the truth.

It's good to strive for big things—if you can hold them when you have them.

MINSTREL SHOW AT RIBSTONE ENJOYED BY ALL

With a capacity audience on hand to get away to a flying start, the Southern belles and Minstrel of Ribstone on Tuesday evening produced their sixth annual entertainment in the Municipal Hall. The enthusiasm of the audience was commensurate with its size, with the result that the performance went with no end of 'pep' from beginning to end.

The Hall was taxed beyond its capacity. The fame of those Minstrels has caused the name of the Ribstone burnt cork artists to be blazoned forth in auriferous letters whenever the bones rattle and the possum is masticated, "Better than ever in every way!" Coue, or any other perspicacious showman who coined that phrase would slink into the dark shadows and there remain till they story of judgment is told, if he could have witnessed the tremendous expansion of this year's entertainment over its precursor.

The following artists contributed:
End men—F. Clifford, N. Wilde, T. Cruthers and F. Dallyn. Chorus—Miss H. Price, Miss J. Price, E. Dell and Earl Wilde. Solos W. Clasper, "Going home to Clou"; R. Clifford "Poster on the C.N. Railway"; F. Gregory "My Sunny Tennessee"; H. Myers "Merry in the Land"; Misses Price, "See our Home in Dixie"; Baby Mills (Topsy) "Water Melon Smiling on de Vine";

Sleight of hand and Magic.—F. Myers. Interlocutor—M. Myers. Pianist—Mrs. Lloyd Gregory.

Great credit is due to Myers Bros. E. Dell, L. L. Pound, who was indefatigable as musical director and who devoted a large portion of their time for the past month to training the troupe of Minstrels and bringing them up to the efficiency displayed on Tuesday night— Gladys Mills is entitled to special mention for valuable assistance given in supplying the music both at the practices and at the performance on Tuesday night. Encores brought back (Topsy) Gladys Mills, on every part rendered, and as the curtain was about to fall Topsy by special request gave a solo "Smiling on de Fence"

Curtain fell at 10 p.m. by singing "Good Night".

The dance which followed was very largely attended and much enjoyed. Dancing was kept up till an advanced hour in the morning. The dance music was supplied by the Chauvin Orchestra.

The Ribstone Athletic Association wishes to thank the ladies, who collected cakes, sandwiches, coffee etc. And also to the generous donors of those refreshments,

The total receipts amounted to \$107.50 and goes to the funds of the R.A.A.

RIBSTONE WOMEN'S INSTITUTE

The St. Patrick day concert given by the R.W.I. will be held at 8 p.m. Saturday March 17th. A very special program is being prepared and every care is being taken to make this an enjoyable evening. A good lunch will be served. Adults 35c. children under twelve, 15c. Come and bring somebody else.

If a human being were covered with a coat of paint he would die within five hours.

GARDENING

BY A LOCAL GARDENER

CUCUMBER CULTURE

The cucumber as we know it is a descendant of the Asiatic species (*Sucomis Sativa*), varieties of which have been cultivated from very early times. Pliny tells us that the Roman Emperor Tiberius was fond of them that he had them served up at table every day of the year.

The ridge and prickly varieties do well when grown in the open, a light soil deeply dug and heavily manured. In a sunny situation well sheltered from cold winds is most suitable for the purpose.

For a few early cucumbers seed should be sown in March or early in April in a hotbed or in boxes in the house. As the young roots of the cucumber are very tender and easily

damaged, it does not transplant successfully. To avoid transplanting procure a sod 12 inches wide, 16 inches long and 2 or 3 inches thick. Cut into 4 inch squares, with the grassy side down, place into a shallow box or flat. Scoop a depression in each piece of sod $\frac{3}{4}$ of an inch deep and place 3 or 4 seeds in it, cover with fine soil and water. Place the box in a hotbed or a warm place in the house and shade with paper until the seedlings appear which should be in about 6 or eight days. Remove the shade and give plenty of light and air, avoid draughts and do not allow the plants to wilt. When plants have fully developed their seed leaves, thin them out to one to each piece of sod leaving the strongest plants. Do not thin by pulling the seedlings but cut them off with a sharp knife or scissors so as not to injure the roots of the remaining plant. As soon as they have made four rough leaves give them a dressing of finely pulverized well rotted manure and light loam equal parts which should be firmly pressed around about the plants. On fine warm days raise the sash at back and give plenty of air. Water thoroughly both foliage and roots with water about the same temperature as the hotbed which should be about 60 F. at night and about 85 during the day.

As the weather gets warmer begin to harden the plants by removing the sashes in the daytime, replacing at night, and afterwards move from hot bed to a cool frame where they can be protected during cold nights.

When danger of frost is past remove to garden; with a plant and sod intact proceed to plant in specially prepared soil, preferably on the north side of a few rows of sunflowers or corn, which will afford a certain amount of shade. Plant in rows 4 feet between the plants and 6 feet between the rows. Have boxes or sacks handy for covering plants in case of cold nights. Constant light cultivation, a good mulch of well rotted manure and liberal watering on foliage as well as roots are necessary.

The use of nitrate of soda has a very stimulating effect on the plants, but where there is abundance of fresh manure its use is unnecessary.

To encourage good growth and an abundance of fruit remove the false blooms until the plants have attained a fair size, remove all weak shoots, and pinch the growing points of the runners when they have reached a length of about 3 feet.

To grow cucumber, squash, marrows, etc., without heat, select a piece of land very rich, light and well-drained, and that has been well worked. Dig holes 2 feet by 3 feet by 1 foot 6 inches deep, and about 6 feet apart each way. Fill the holes with well rotted manure and soil mixed in proportion of 2 parts manure to one of soil to within 3 or 4 inches of the top and press down firmly. Give each hole one or two pails of water according to the dryness of the ground, after the water has soaked in finish off with a layer of top soil leaving the hills a little higher than the surrounding ground. Take a hoe and with the surplus soil make a ridge all round the hill forming a basin which will make it easier to water the plants as they cover the ground.

In May or early in June sow about twelve seeds in a hill, after the seedlings are well established remove all but four of the strongest. Have boxes or sacks handy for covering during cold nights.

Cucumbers, melons, squash, marrows have two kinds of blooms on the same plant, false and true blossoms which are easily distinguished the one from the other. The true bloom having a miniature fruit below the flower. Remove all false blooms until the plants have attained a fair size. To ensure a good set of fruit, on a bright sunny day about noon, with a small soft brush, which must be perfectly dry, remove the pollen from the best of the false blooms and dust the inside

of fruit or true blooms with it so as to fertilize them. If the blooms remain open twenty four hours after it has been pollinated, repeat the operation. Pollinate or set as many blooms as possible at the same time to get fruit of a uniform size.

Where bees are plentiful hand pollination is not necessary.

When the fruit begins to swell water liberally one or two pails to a hill, clean water, soap suds, or liquid manure diluted with water 6 of water to 1 of liquid manure.

Keep off all weak shoots and pinch the ends of all long runners.

Cucumbers should be crisp and cool. To have them in this condition they should be gathered daily in the cool of the morning, not pulled off the stem but cut with about an inch of the stem attached to the fruit. They should be cut before they show the least indication of yellowing at the tip which indicates they are over ripe and will not keep.

Tomatoes should be sown this month for ripe fruit in July.

DOMINION DEPARTMENT OF AGRICULTURE TO IMPROVE LIVE STOCK

Five Shire horses as well as a number of sheep and swine, and, perhaps, a few cattle are to be imported for Great Britain by the Dominion Department of Agriculture this year.

The horses are being donated to the Government by the Shire Horse Society of Great Britain. The Director of Experimental Farms and the Dominion Animal Husbandman have sailed for England to assist in making the selections of the horses at the London Horse show to be held on the 22nd and 23rd of February. It is intimated that these horses will form the nucleus of a large stud of shires to be maintained at one of the western experimental stations. The hogs to be imported will include Yorkshire, Tamworth and Berkshire boars of bacon type.

While overseas, occasion will be taken by Mr. Archibald, the Director of the Experimental Farms System, to visit Denmark and make an investigation of the bacon swine industry, more particularly with regard to breeding and feeding methods employed in that country.

TRY FISHER'S CHAUVIN BREAD
YOU'LL BE SATISFIED

CREAM GRADING ENDORSED

Both Saskatchewan and Manitoba have endorsed Alberta's system of cream grading, so far as the dairy-men's convention of these two provinces are concerned. It is likely that legislation will be introduced by these two provinces along the lines of that in Alberta. Both of these provinces abolished the cream buying stations some two years ago.

UNIVERSITY REPORT

During the recent term there are 1283 students registered at the Alberta University, according to the annual report in that institution. Of these 336 are first year students, 265 second year students, 208 in third year and 104 in the fourth year with 68 graduates. The remainder includes 123 corresponding students, 47 summer session students, 59 special students, 10 public health nurses and 9 B.D. Students. There are 666 students in arts and sciences, 81 in applied science, 222 in medicine, 143 in law, 102 in agriculture and 44 in pharmacy.

INCREASE IN SUBSIDY

According to the figures published from Ottawa, Alberta receives a slightly increased subsidy from the federal government during the coming year. The amount to be received is \$1,628,638, an increase of 7,563.

INVESTIGATE CALGARY

HOSPITAL

Arthur K. Whiston, supervisor of organization of hospitals for the provincial government, is to make a thorough investigation into the hospital department of Calgary city, following an arrangement made between the minister of health, Hon. R. G. Reid, and Mayor George Webster of Calgary.

For some time the affairs of the hospital department of the city of serious consideration by the authorities of Calgary. The cost of the four hospitals operated by the city of Calgary during the past year was over \$200,000, in excess of the receipts.

Jack: "Does a rabbit's foot really bring good luck?"

Mac: "I should say so. My wife felt one in my money pocket and she thought it was a mouse."

ADVERTISE !!!

Farmers can help Colonization

IN CONNECTION WITH THE IMMIGRATION CAMPAIGN BEING CARRIED ON OVERSEAS

CANADIAN NATIONAL RAILWAYS
Industrial and Resources Department

WILL RECEIVE APPLICATIONS FROM FARMERS PREPARED TO ENAGE FARM HELP (MALE OR FEMALE) FOR A PERIOD OF ONE YEAR AT RATES OF WAGES CURRENT AT TIME OF ENGAGEMENT

Farmers are to make application on a form that may be obtained from C.N.R. Station Agents. C.N.R. representatives overseas will endeavour to secure the class of help required in Great Britain, Belgium, Switzerland, Denmark, Holland, Norway and Sweden. The Governments of these countries stand ready to assist this class of their people to emigrate to Canada, but feel that they should be assured of employment for at least one year in order to gain sufficient Canadian farming experience to fit them for going on farms of their own. Farmers who are able to do so, can thus assist in colonization work by engaging help by the year. There will be no charge to the farmer for our service, nor will the farmer be required to make any cash advance for the travelling expenses of his help to the nearest railway station. The information necessarily asked for in these application forms, which will be held in strictest confidence, includes: the kind of help required—male or female—married or unmarried, date required and for how long; nationality desired; monthly wages offered; kind of work, etc.

O. ROBINSON MERRITT
ARTLAND SASKATCHEWAN

EDGERTON ECHOES

Once again we are having a little touch of winter weather and curling has taken on renewed activity.

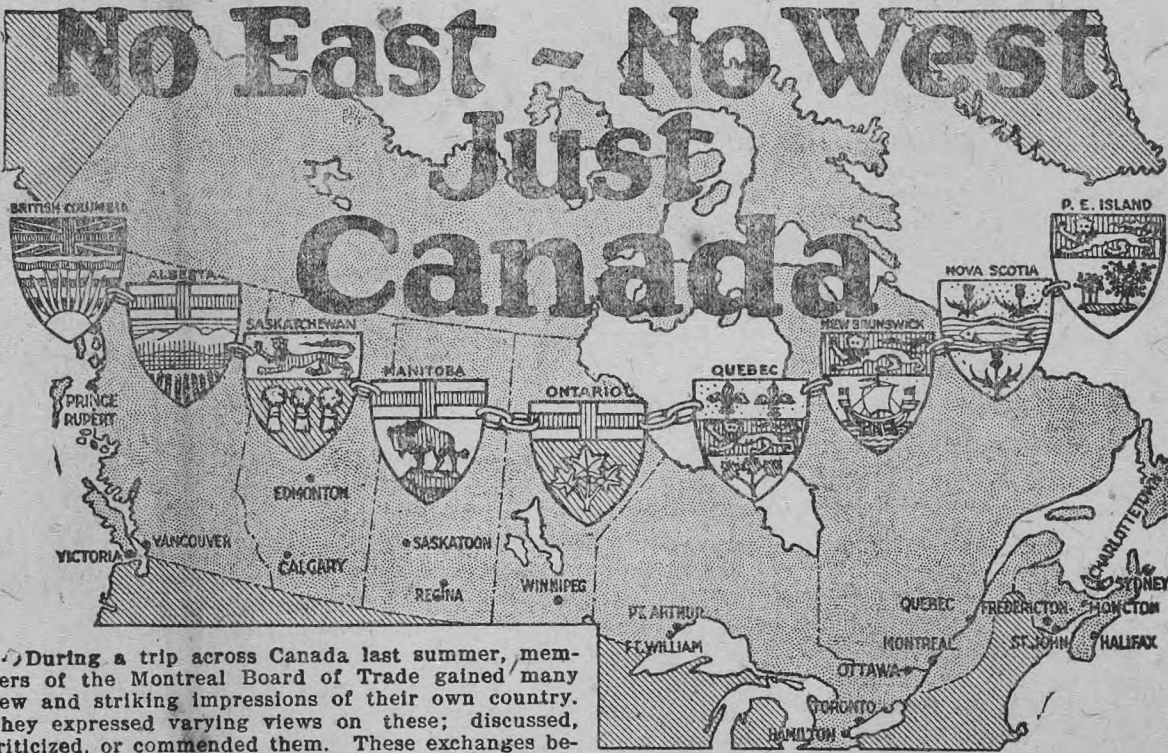

P. S. Pawsey was a visitor to Edmontonton last week.

J. Campbell, brother of our local bank manager, is critically ill with

pneumonia. A nurse is in attendance and at time of writing we learn that there is not much change in his condition.

Slim and Dick made a business trip to Wainwright last Friday.

A successful box-social and dance was held at Rosemoynne School on Friday evening and crowds from

During a trip across Canada last summer, members of the Montreal Board of Trade gained many new and striking impressions of their own country. They expressed varying views on these; discussed, criticized, or commended them. These exchanges began to crystallize into a dominant but unspoken thought in every heart. Finally it was given voice in the words: "There is no East, and no West: THERE IS JUST CANADA."

It is not merely a bit of fine phrasing. The sentiment has an appeal to every one who has caught a vision of what Canada is to be. Before the splendor of that vision selfish local interests wither and die and provincialism fades into nothingness. What is of benefit to the farmer of the West or the fisherman on the Atlantic coast, should be a matter of concern to every citizen of the Dominion. "There is no East, and no West: THERE IS JUST CANADA."

In the roll of centuries since the world began, the history of Canada occupies but a modest measure. Within the memory of people still in the vigor of life, new areas of this country have been opened to settlement, as large as some countries in Europe; vast resources of timber and mineral lands have been revealed, and great water powers have been harnessed to do the will of man. The once unexplored and the long unknown have been linked, until this Empire within an Empire begins to know itself as a land of possibilities beyond the dreams of all the pioneers who laid its foundation in faith and hope. "There is no East, and no West: THERE IS JUST CANADA."

Most potent of all the factors in awakening Canadians to the truth about their own country has been the railway. Its slender ropes of steel are everywhere harbingers of still greater days to come. Crossing the wide-fung prairies, spanning rivers, passing, by means of tunnels, through the mountains that barred the progress of man in days gone by, or wandering through the meadows and orchards of the earlier settled portions of the country, they are a visible embodiment of the sentiment, "There is no East, and no West: THERE IS JUST CANADA."

The railway has made it possible for increasing thousands of Canadians to widen their education by travel in their own country. And their own Canadian National Railways has played an amazing part in this education of its owners. Since its humble beginnings in Confederation days, it has expanded into the greatest railway system on this continent. Its contribution to the development of Canada in the past was incalculable; its part in the progress of the future cannot be measured by the mind of man. More than anything else in the Dominion to-day it emphasizes the truth of the words "There is no East, and no West: THERE IS JUST CANADA."

quite a distance came to enjoy the fun. One coterie even was so anxious to attend, that they, failing other modes of conveyance, hiked it afoot.

Of course they did not mean to have to foot it but there are times when even an expert cannot make a car go; and even if you do trace a spark to the breaker-box and cannot trace it further, what does it avail? We would say to make that spark finish its journey and then you wouldn't have to, afoot.

A car was never intended to be hauled by horses at the end of a log chain, a car is a horseless vehicle. Please bear this in mind for the future.

Further to the fore-going echoes, in future just for the sake of 'safety first' when you imagine you are going motoring, be sure and get sharp shod and then when you do a hike on the icy roads you wont be falling all over yourself and limping around the store for a week.

Who was the sandwich-man and what was the occasion? Was it a hallucination or did we really see a sandwich-man advertising Gray Dort cars in our fair city? Affected by the recent show, we suppose. Of course it pays to advertise.

We are pleased to note that both Mr and Mrs Mitchell, who were on the sick list last week are feeling better.

Mr and Mrs A. E. Challenger were Edonton visitors last week.

We learn that Scotland has been nearly flooded with excessive rainfall this spring; they do not have prohibition there. This is reason enough in itself why iur legislators should abolish this iniquitous legislation, so that we could once again enjoy the bene fits of a plentiful rainfall and a bum per crop. Of course it may only be a coincidence..

The president of our un-employed association was out last week—the fine weather, we suppose, did it—making inquiries as to possible activ ities for the coming season? He is getting really anxious.

Leslie Pickard left for Wainwright on Friday, having secured a position in conection with the railway.

(More "echoes" on page 6

FORD Salesmen have been instructed to call upon every family in the Dominion.

Everyone who wants to own a Ford this year must be given the chance to buy at the low figure, whether for immediate or future delivery.

This is a duty the Ford organization owes to the public. For the tendency is toward increased prices.

But if a Ford Salesman does not reach you at once so that you may buy a Ford at these low prices, we suggest that you protect yourself.

Don't wait for the salesman. Phone! Make sure of getting your Ford at the \$445 figure.

DELEGATE REPORTS AT
CHAUVIN SCHOOL MEETING

(Continued from front page)

holidays at Easter, and a greater degree of reciprocity between Trustees and Teachers. The Convention was not in favor of calling the Department to settle disputes.

Amongst others the following resolutions were discussed and dealt with—Age limit of pupils for whom fees would be payable was recommended to be fixed at 20 years. The qualification required of a Trustee that he shall be able to read was to be changed to "read the English language". Deputy Minister stated that the Department did not, except in a very rare case transfer land from one District to another without the agreement of the Districts concerned. Work done by a Trustee, where not possible to engage any other person on contract, up to the sum of \$15.00 was recommended to be authorized. Compulsory collection of school taxes by Municipalities was favored. Teachers' contracts was another

vexed question. The convention recommended that all grade nine pupils in rural schools be required to pass nine grade examinations before being admitted to grade 10. Equalization of all school taxes did not receive much support. The levying of the Poll-tax was quite in favor. Tax recovery Act was discussed. An increase of school grants was recommended. The \$16.00 per family minimum school fee at present chargeable was considered too small and it was recommended that this amount be increased to the average amount of the school taxes in the District concerned.

Mrs. Saul moved Mr. Foxwell seconded a vote of thanks to the chairman for his report. Crd.

The chairman then declared the meeting adjourned.

ANNUAL MEETING OF KNOX
CHURCH. RIBSTONE

The annual meeting of the congregation of Knox Presbyterian church. Ribstone. was held in the church at 8 o'clock on Feb. 16th 1923. Mr. Mitchelson occupied the chair. The meeting was opened with singing and prayer after which the chairman called for nominations for manager.

J. F. Heasman nominated by J. F. Russel—Mrs. Blair.

Mrs. J. L. Crittenden nominated by Mrs. Russel—Mrs. Heasman.

Mrs. J. McCagherty nominated by J. Crittenden—R. Etson.

J. F. Russel nominated by W. McCagherty and R. Etson.

Mrs. Wm. McCagherty nominated by R. Etson—Mrs. E. Murray.

There being no other nominations the chairman declared those five elected as managers for the year 1923

The chairman called for the report of the Ladies Aid which was read by Mrs. Dell. Moved E. Murray—J. L. Crittenden that report be accepted as read. Carried.

The report of the Board of managers was read by J. F. Heasman.

Moved J. F. Russel—Mrs. O. Young that the report be accepted as read. Carried.

Moved L. L. Pound—Mrs. R. Morrison that we send a petition to Mr. Simons asking him to let Mr. Mitchelson remain on the Ribstone field for another year. Carried.

Moved J. F. Heasman—J. F. Russel that we start a Sunday School with Miss Dornay as superintendent and Mrs. Dell as assistant. Carried.

Moved J. L. Crittenden—E. Murray that Mr. Heasman start a subscription list to raise money to buy lamps for the church. Carried.

Australian ad.—"For Sale—Baker's business; good trade, large oven owner's been in it for twelve years"

Genius is one part inspiration and two parts perspiration. It is no good being clever if you don't work.

PRICE OF GASOLINE

If there is any profiteering in the price charged for gasoline in Alberta. It is not within the boundaries of the province, according to an interim report on an investigation into this matter, presented last week to the legislature by Premier Greenfield. The difference between prices in the States and eastern Canada and the price in Alberta is chiefly due to freight and duty. The report shows that gasoline that costs 24½ cents in Great Falls, costs 44½ cents in Alberta, 13 cents of the difference being freight, 2½ cents customs and 4½ cents is accounted for by the difference between the American and Canadian Gallon. The report also mentions the fact that although the price of gasoline has increased the stocks of gasoline in the States and elsewhere have also been on the increase.

A deaf man was being married and the parson asked the usual question, "Do you take this woman for your lawful wife?"

"Eh?" said the deaf man.

"Do you take this woman for your lawful wife?" this time a bit louder. The groom seemed to get angry.

"Oh, I don't know," he said. "She ain't so awful. I've seen wuss than her that didn't have half so much money."

MUNICIPAL HOSPITALS
ON HIGH STANDARD

Testimony that the Alberta municipal hospitals operated under The Municipal Hospital Act of the Province, are maintaining a high standard, comes from Dr. M. F. McEachern, director of hospitals for the college of physicians and surgeons. who says, in a recent letter to the supervisor of organization for hospitals "In regard to the standardization of municipal hospitals I feel that if they live up to your stipulations they are standardized. It seems to me that you are setting an excellent example to the province in the splendid regulations you have laid down. I want to tell you that I have not seen anything better and I hope that you will have no objection to me giving your province particular mention on every occasion I can in this respect."

For a cold of long duration,
For to help your respiration
For to strengthen man or nation,
It matters not what be his station
Take a bottle of tasteless preparation

LOCAL NOTES OF INTEREST

See also page seven.

A pleasing event took place last week in the Chauvin High School, the occasion being a surprise party given by the students to Miss Ina Armour, the senior student, on her birthday. Miss Armour was the recipient of many tokens of regard and expressions of good wishes from her fellow students. Refreshments consisting of cake and lemonade were served and a very enjoyable time was spent.

The dance given in the I.O.O.F. Hall on Friday last by the Chauvin Hockey club was a very enjoyable event. Lunch was served in the Hall. Quite a number of country friends were present and helped to make the affair a success. Music was ably rendered by the Chauvin Orchestra.

A party from Prosperity on Monday evening paid Bert Atkins a surprise party, and a very pleasant evening was spent.

A hard times dance will be held at Edinglassie school on March 23rd. Gents 50c. Ladies free. Everybody welcome.

OUR LITTLE ADS DO BIG WORK

The annual meeting of the Westminster church was held last Sunday evening at the close of the service.

Reports from the Secretaries of the Church, Ladies Auxiliary and Sunday School were read and managers elected for the church for the ensuing year.

We congratulate the Geo. Reynolds Rink on winning the hard luck prize offered at the Chauvin Bonspiel.

Farm implement dealers of Edmonton Alberta predict that 1923 will bring a big improvement in their business.

The children of the public and high schools and, yes, even some who are not of school age are practicing their various parts for the coming concert on March 16th. Even the tiny tots are full of enthusiasm to do their best.

A little less than six million tons of coal were mined in Alberta last year. This is an increase over the output of 1921 in spite of strikes and a comparatively mild winter.

Industries for utilizing Alberta's annual surplus of potatoes and enormous quantities of grain straw that are burned every year are being talked of. Experiments have shown that such industries could be operated profitably in the West.

The Canadian house of commons has voted \$1,525,000 for experimental farms for this year. \$200,000 more than last year.

Since the establishment of the province, the Saskatchewan government has built 2,057 timber bridges, 252 steel bridges and 39 all-concrete bridges.

There are now 74 local Rural Credit societies in Manitoba, with an aggregate membership of 4,992. Loans amounting to \$1,446,974 were advanced last year.

School supplies for girls and boys At prices you'll admit Since last year went out of gear, Have suffered quite a split The Chauvin Pharmacy

MERTON MUNICIPAL ELECTION

The following councillors were lected at the Merton municipal Election:
Div. 1. O. Bratvold
Div. 2. Sam Byers (acclamation)
Div. 6. Alex McKenzie

At the first council meeting Arthure Carson was appointed reeve; Alex McKenzie, deputy reeve and L. B. Nicholson, secretary. A full report of the meeting will appear in next issue.

The widow who wants to get married she often keeps her hair ight and her age dark.

IN THE LEGISLATURE

One of the most important acts of the session was introduced during the past week by Hon. Mrs. Parlyb., member of the government without portfolio. This act makes provision for certain procedure through the courts whereby the father of illegitimate children may be made responsible for the maintenance of mothers of such children for a certain period, and for the maintenance of the child until the age of 16. The bill is called An Act for the Protection of the Children of Unmarried Parents, and makes provision for the administration of the act under the superintendent of neglected children, who may be appointed guardians of illegitimate children under certain conditions. The act also provides for the summoning of fathers of such children, and for the issuing of affiliation orders against such fathers, for the care and maintenance of mother and child un-

der certain conditions. The act received its second reading on Thursday following a short address by Mrs Parlyb.

On a division of the house, the bill, to incorporate the institute of chartered secretaries was given a six months' hoist, the motion being introduced by W. M. Davidson as an amendment to second reading of the bill. The vote stood 43 to 8 in favor of the six months' hoist.

On Monday the housed adopted unanimously the motion of W. C. Smith Redcliff, calling for an en-uiry into the grain trade.

By Order of the Village Council.

HERBERT C. BOYD,
Secretary-Treasurer

MORTGAGE SALE OF
FARM PROPERTY

Pursuant to the Judgement and final Order for Sale there will be offered for sale by E. St. J. McTaggart, Auctioneer, at the Post Office in the Village of Edgerton in the Province of Alberta, on

TUESDAY the 3rd day of APRIL, A.D. 1923 at the hour of TWO o'clock in the afternoon

The South West Quarter of Section Twenty-four (24) in Township Forty-one (41), and Range Four (4). West of the Fourth Meridian in the Province of Alberta, subject to the reservations and exceptions expressed and contained in the original Grant from the Crown and in the existing Certificate of Title.

The Vendor is informed that the said lands are situated about 14 miles from Edgerton on the Grand Trunk Pacific Railway and about 16 miles from Cadogan on the Canadian Pacific Railway at which points there are grain elevators; that the land is about two miles from Dolcy Post Office and about three miles from a school.

That the soil is a dark loam and of good quality with clay subsoil, and that about 40 acres are under cultivation, and that about 60 acres additional can be brought under cultivation, and that about 60 acres ad for pasture land.

There is a dwelling on the said lands 14 X 16 with two additions 8 X 12 and 8 X 10 respectively. There is also a well and about one-half mile of fencing.

The property will be sold subject to a reserve bid and to the taxes for the year 1923.

The terms of payment are ten per cent cash on the day of sale and the balance within sixty days thereafter without interest, or the purchaser shall pay ten per cent of the purchase price cash and execute a mortgage for the sum of \$500.00 in favor of the plaintiff for three years, repayable with interest at the rate of ten per cent per annum in three equal annual payments on the 1st day of November in each of the years 1923, 1924 and 1925 and pay the balance of the purchase price into Court.

In other respects the standing conditions of sale of the Supreme Court of Alberta as approved by the Master will govern.

Further particulars may be had from Messrs MacKenzie & Cox, Barristrs, Chauvin, and Wainwright, Alberta. Solicitors for the plaintiff.

Bright sunlight is a mighty fine thing even if it is only to show up dirty windows. Charlie Bransgrove and Scotty actually cleaned their windows last week, and so did Art, but there are others in the same street that didn't or couldn't.

SUCCESSFUL CORN GROWING

E. B. Doten, of Gleichen district, east of Calgary, is one of Alberta's successful corn growers. Last year, he report having grown 90 acres of corn, harvesting more than 1,000. This gave him feed for his hogs and other stock, leaving him a surplus for sale as seed.

IRRIGATION COUNCIL REPORT

Water will be available in the spring on two of the irrigation projects in southern Alberta, namely the Lethbridge Northern and the United, according to the annual report of the irrigation council of the province. Considerable work is now being done towards colonizing the surplus lands in these districts. A total of 40,000 acres of land has been listed at prices ranging from \$15 to \$50 an acre. The council has a mailing list of 8,000 in its colonization work, and have already received more than 400 enquiries for land. Twenty prospective settlers have been shown over the projects.

WORK OF PUBLIC

HEALTH NURSES

Commenting of the manner in which the health service of the provincial department of health has grown during the past year the annual report of the public health nursing branch lays stress upon the noticeably increased demand for better health conditions throughout the province. The report also refers to the organization of schools into health districts a policy adopted at the beginning of 1922. The success of the public health clinics held throughout the year.

Five additional rural public health districts were formed during the year, as follows. St. Paul de Metis, Provost, Red Deer, Westlock, Chipman, Innisfree, where the work is entirely among Ukrainians and Drumheller district. The districts of Hanna, Grande Prairie, Foremost, Empress and Cardston are in their second and third year of operation.

The number of schools inspected by the public health nurses during the year of 1922 was 352, and the health inspections totalled 11,056 with 1825

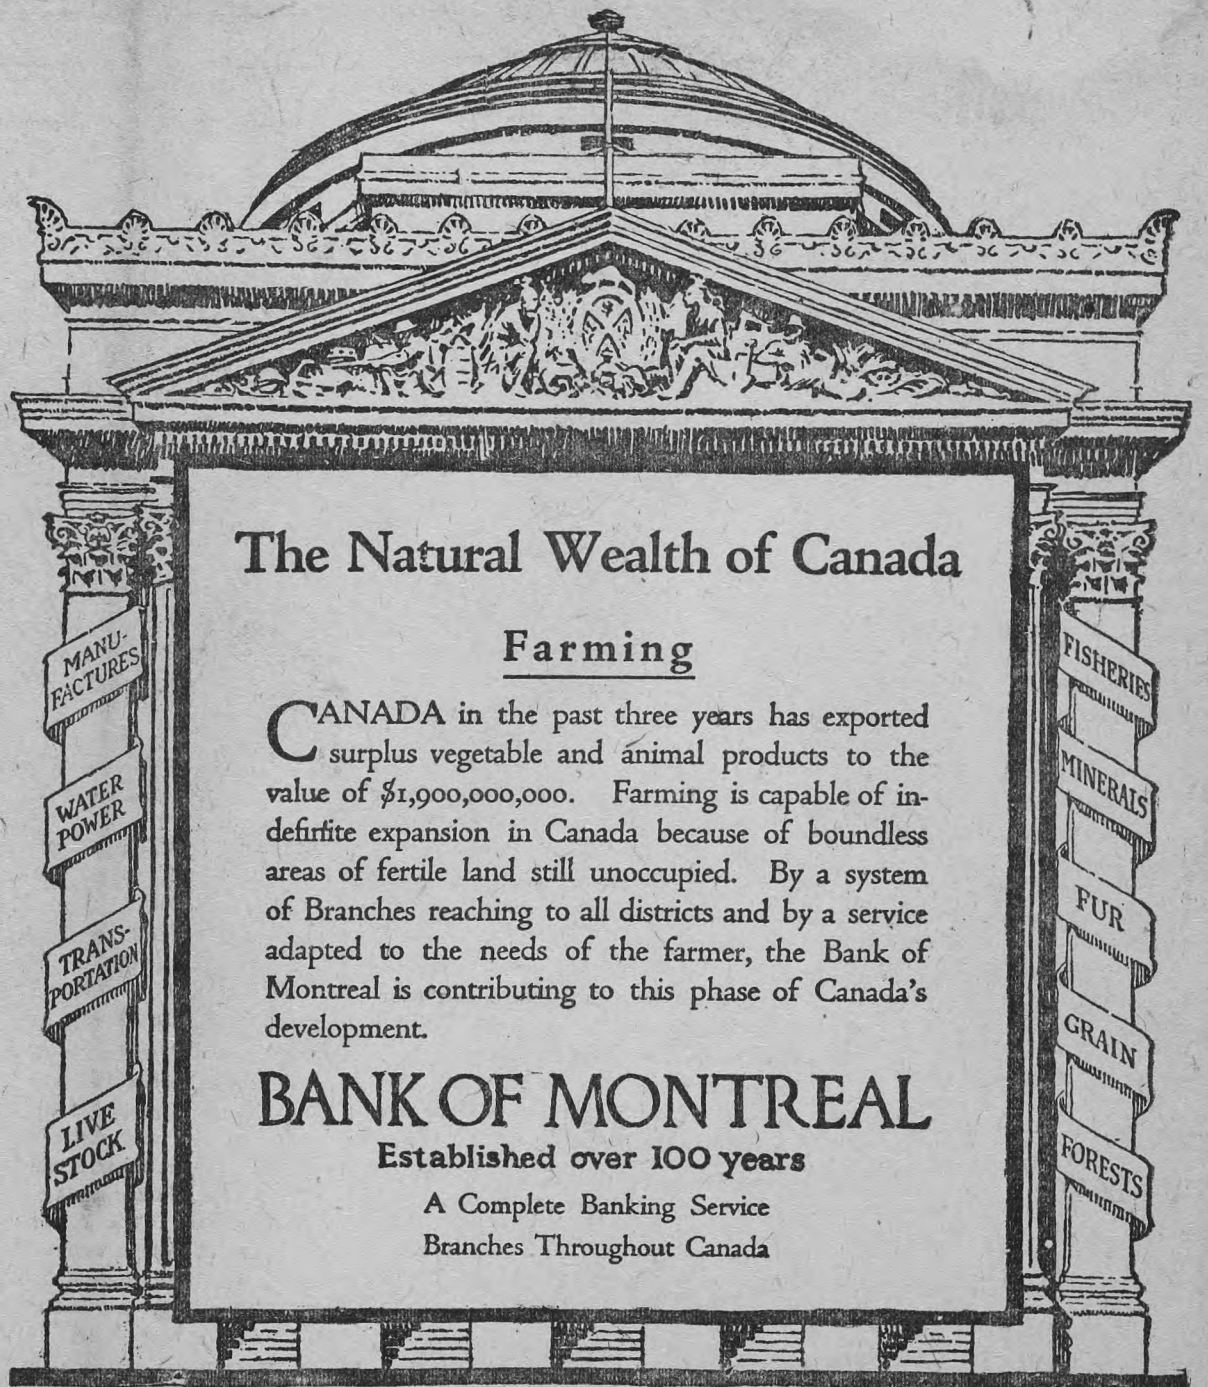

class-room inspections. Of those inspected there were 6,192 not vaccinated, and 5,646 with defects, 4,272 being without defects. A total of 1500 were reported with malnutrition. The greatest number of defects were in connection with teeth, the next greatest being in connection with tonsils, while adenoids were reported in 1076.

A total of 170 child welfare clinics were held by these nurses during the year with an attendance of 1080, and 2336 home visits.

The child welfare clinic at Edmonton had a total enrollment during the year of 3,668, with 3,147 babies and 521 pre-school children in attendance. The number of nurses visits to homes was 5,697. The attendance at this clinic recorded a gratifying increase over that of last year. At the Medicine Hat clinic 1213 babies were in attendance and 146 pre school children. The travelling Clinic, the report states is also growing very popular, and under the auspices of the U.F.V.A. the womens institutes, and the soldiers settlement board is carrying on a great work in the Province.

The work of the district nurses who are placed in remote districts where is proceeding satisfactorily. no medical no medical attendance is available, is proceeding satisfactorily. During the past year two districts, that at Bear Lake and that at Beaver Lodge, were closed, because of receiving the services of a regular physician. The dis-

Railway News

Liverpool.—Wm. John Sergeant, the superintendent engineer of the Canadian Pacific Steamships, Ltd., recently retired from that position after a sea-going career of 54 years, the major part of which was passed with Liverpool companies. With the object of showing the esteem and respect in which he is held by all those who have been associated with him for so many years, a very happy gathering took place on the C. P. liner Montcalm, at Liverpool, when Mr. Sergeant was the recipient of some very handsome presents. They consisted of a combined solid mahogany bureau and bookcase, and a specially fitted-up gentleman's double wardrobe, while Mrs. Sergeant was presented with a choice gold bar brooch set with diamonds. These are the gifts of the sea-going and shore staffs of the C. P. S. S. Co. and the C. P. R. Co., and were presented through the medium of Captain J. V. Forster, Liverpool manager of the C. P. S. S., Ltd., in the presence of all the chief officials, personal friends, business colleagues, officials of the Board of Trade, and of the shipping registration societies.

Winnipeg.—Under the auspices of the railways, the provincial government and livestock associations of the province, two livestock improvement trains, similar to those which toured the province last year, will again be operated in Manitoba during the coming summer.

The 1923 trains are to be known as "the Livestock Improvement Trains." They will give attention to the following departments: The benefit of improved quality in cattle; demonstration and sale of pure-bred sires, both beef and dairy breeds; the production of fodder crops; the dehorning of cattle and other work in connection with the cattle industry; the breeding, feeding and marketing of bacon hogs; the demonstration of desirable mutton types and docking and castration of lambs; demonstrations and lectures on poultry raising, with the selling of eggs for hatching purposes; home economic lectures and demonstrations for women and lectures and education motion pictures for girls and boys.

The dates for the trains will be from Monday, April 30, onward for four weeks. This will cover about the same dates as last year which were found very satisfactory.

The regular monthly meeting of the Westminster Ladies Auxiliary will be held on Thursday March 8th at 3 p.m. at the home of Mrs. Foxwell.

a CAVALRY SCHOOL TO BE HELD IN CHAUVIN

Arrangements are being made for a Provisional School of Cavalry to be held in Chauvin as soon as possible after April 1st.

It is expected that the school will be in charge of instructors from M.D. No 13 and that parades and lectures will be carried on in the evenings so as not to interfere with the usual work of candidates.

Those wishing to qualify as Non-Commission Officers will please hand in their names to Lieut E. A. Pitman or to Lieut J. A. MacKenzie at once as the list of candidates must be completed as soon as possible and forwarded.

Agent: But, mum, it's a shame to let your husband's life insurance lapse Mrs Jones (over washtub) "I'll not pay another cent! I've paid regular for eight years, an' I've had no luck yet!"

Tom: "They say that people with opposite characteristics make the happiest marriages."

John: "Yes, that's why I'm looking for a girl with money."

A young woman, at her first dinner-party after arriving in India, was alarmed when the sporting subaltern who had taken her in said suddenly: "Oh, I must show you my tum-tum after dinner. I have just had it painted black and yellow."

It did not occur to him that she could be ignorant of the fact that a tum-tum was a dog-cart.

Ignorance is anything but bliss to those who are compelled to be its associates.

THE PASSING OF KENNETH GUNN

(Continued from front page)

however, he made for himself in the love and respect of his friends and neighbours. When the Paradise Valley post office was established, Kenneth Gunn was made the Postmaster, a position which he held up to the time of his death. Here he came in contact with every person in the locality, and through his kindness and honesty of purpose he gained and held

(continued on next column)

Here and There

Renfrew, Ont.—Mr. Ritchie, the station agent of the Canadian Pacific Railway, has received instructions from headquarters to rigidly enforce the no trespassing order on the property of this company. This is particularly in reference to people walking down the railway track. When accidents happen it always entails a trouble to the company and lately there have been complaints that school children have been using the railway as a thoroughfare.

Vancouver.—“I have been in the Alps and the Pyrenees, but I have never seen anything that can compare with Banff,” said William Faversham, famous English actor, when speaking at Hotel Vancouver.

Mr. Faversham spoke of the wonderful international dog races staged at the winter carnival, and said that he had on special invitation visited the great motion picture plant at Banff.

Invermere, B.C.—An appropriation had been passed for the building of a depot at Lake Windermere by the Canadian Pacific Railway. Lake Windermere is the depot for the whole of the Lake Windermere district. It enjoys the distinction of being the only station on the Lake Windermere branch between Golden and Fort Steele, which has enjoyed the benefit of an agent since December, 1914. A modest little portable depot, a box car on the ground, has done duty all these years but with the proposed opening of the Banff-Windermere road on the thirtieth of June, it is no doubt thought that it is time the old box car took a move.

Ottawa.—The Canadian National Parks Branch of the Department of the Interior is commencing the construction of a hydro-electric generating station in Cascade creek in Banff National Park to supply light and power for the town of Banff, Alberta. The dam at the outlet of Lake Minnewanka constructed in 1912 to provide storage facilities, will be utilized and will ensure a steady flow of water for power purposes without further impairing the scenic attractions of the locality. Electric power for Banff is at present obtained from the steam plant of the Bankhead Mines. The work will be undertaken by day labor.

Winnipeg.—Seven thousand cars of grain have been loaded between September 1, 1922, and Feb. 1, 1923, for the western coast by the Canadian Pacific Railway. This represents 10,234,000 bushels of grain for export from Vancouver. The shipments comprised 6,175 cars of wheat, 162 oats, 16 barley and 50 rye. Exports from the western coast were destined as follows: The Orient, 896,880 bushels, and the United Kingdom 987,905 bushels. As at January 31, there were 900,000 bushels of Canadian Pacific grain in the elevator at Vancouver and 500 cars in transit carrying 735,000 bushels of wheat. The present movement west is averaging 25 cars a day.

Fort William.—The contract for the construction of a building to replace number five freight shed, was awarded by Canadian Pacific Railway officials to the C. Hall-Aldinger Company, of Winnipeg. It provides for two fire walls which will divide the new structure into three compartments.

The new dock along the new shed will be of concrete. It is the present intention to use the end of the shed nearest the Canadian Pacific Railway subway for the handling of local freight instead of the end nearest the city subway dock as was the case with the old shed. It has been decided that the new arrangement will be more satisfactory to company officials and to concerns having business with them.

Discussing the new shed to-day, D. C. Chisholm, division superintendent, said that the new structure would be of frame construction very much like the shed it will replace, aside from the fire walls and the concrete wharves.

their respect and good will.

Kenneth Gunn was a man of sterling character, upright in all his dealings, a quiet and unassuming Christian gentleman. He was an elder of the Presbyterian Church, who without ostentation held to his ideals and faith through all the swirling mass of materialism with which the paths of life are now beset.

And now he has passed on to his reward. His passing is a distinct loss to the community, and he will be mourned by a large circle of friends.

Braving the bitterly cold wind a large number of friends and acquaintances gathered at the house to pay their last respects to him who had gone on. Rev. A. R. Schragg of Lloydminster conducted the funeral service. To those of us who loved him, no more fitting eulogy could have been spoken than that pronounced by Mr. Schragg. His text taken from St. Paul's epistle to Timothy, fitted so well with the life of the friend we have lost. I have fought a good fight, I have finished my course. I have kept the faith. Ah, yes. Kenneth Gunn kept the faith. God grant that we of the younger generation, when we pass on may be able, like him, to say. I have kept the faith.

IN THE ESTATE OF IVAR OLSON. late of Edgerton in the Province of Alberta. deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named Ivar Olson, who died on the 22nd day of March, 1922, are required to file with Mrs. Anna Olson, Executrix of the Will of the said deceased, of Edgerton, or with the undersigned solicitors, by the 7th day of May A. D. 1923, a full statement duly verified of their claims and of any securities held by them, and after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge.

DATED AT EDMONTON, in the Province of Alberta, this 5th day of March, A. D. 1923.

A DARING RESCUE AT SEA

Unusual pictures of the sinking of a Lunenburg, N.S. schooner. 1—Capt. Gillies of the “Scotland” and Chief Officer McMurray Alefti, who commanded the lifeboat that made the rescue. 2—The “Empress of Scotland.” 3—A glimpse of the lounge aboard the “Scotland.” 4—The return of the lifeboat. 5—The last few moments of the “Clintonia” after her crew had been rescued by the “Empress of Scotland.”

THE tale of an heroic rescue at sea and of a desperate battle with the elements to keep a sinking vessel afloat until help arrived was told when the Canadian Pacific steamship “Empress of Scotland” arrived at New York recently with Captain Aaron Kearley and his crew of five of the tiny schooner “Clintonia” of Lunenburg, N.S.

It was an epic of courage on the part of the sturdy Nova Scotians and of the coolness and heroism of British seamanship in which Chief Officer E. W. McMurray, and Captain Kearley of the lost schooner played the leading roles.

Totally helpless in a terrific storm, the “Clintonia” bound for Halifax from Fortune Bay, Newfoundland, was in a sinking condition when it was sighted by the “Empress.” Captain James Gillies, the liner’s commander, was compelled to abandon the lifeboat in which the schooner’s crew was rescued because of the heavy seas.

For three days and nights we had manned the pumps, Captain Kearley said, “we had given up hope and were completely exhausted when we sighted the steamer. We hoisted the distress signal, but even after we

were sighted, did not believe that we could be saved before my ship sank. I cannot say too much of the bravery of Officer McMurray and his men when they took a desperate chance in effecting our rescue.”

A volunteer crew manned the lifeboat, and several oars were broken by the waves when Officer McMurray put off for the Clintonia.

“The schooner was sinking rapidly as we rowed for it,” McMurray said. “The crew were clinging to ropes, and every wave broke over the tiny craft. The sea was so heavy that we could not go alongside, and the men were compelled to jump into the swirling waves. We had some trouble in picking them up, and all were utterly exhausted and half dead from cold when we got them in the lifeboat.

“It was a ticklish task getting back to the “Empress,” he continued “We finally got alongside, but it was so rough we had to abandon the lifeboat. It was badly crushed before we could all get aboard, and was in splinters a few minutes later.” The Clintonia meanwhile had sunk.

The crew of the schooner lost everything except the clothes they wore, but were smiling and eager to

get on shore when they arrived. None suffered any ill effects from the three days of exposure.

Chief Officer McMurray, his brother officers said, has played the part of the rescuer in several sea disasters, and received a silver loving cup from the Mikado of Japan for having rescued the crew of a wrecked Japanese steamship in the China Sea several years ago. Other officers of the liner also have been decorated for bravery, both in war and peace. First Officer Ronald Stewart received the Victoria Cross for sinking a German submarine while commander of a “mystery ship.”

Captain Gillies is Commander of the Order of the British Empire. All of the wrecked schooner’s crew are under 30 years of age and unmarried, Capt Kearley said. They were given \$400 by the passengers of the steamer. The great Canadian Pacific liner is now cruising the Mediterranean carrying a large party of tourists from all over the United States and Canada. In the early summer she will be back upon the regular Canadian Pacific trans-Atlantic route. The remarkable photos of the sinking schooner and the lifeboat were caught by a passenger on the “Scotland.”
